MUSICA RICERCATA ENSEMBLE

Ancient Baroque Music concert by the *Musica Ricercata Ensemble*:

Stephen Woodbury - countertenor

Alessandro Carmignani - countertenor/tenor

Michael Stüve - vielle

David Joseph Yacus &

Sergio Bernetti - trombones

The Ensemble presents a concert of music from the Middle Ages and the Renaissance. The melodies were composed by major European musicians with links to Venice and Cyprus.

Founded as a chamber music ensemble in 1987 in Florence, *Musica Ricercata* embraces a steadily growing repertory from all periods of musical history with an emphasis on original themes and rarely presented music. Under the guidance of Michael Stüve, the President and Artistic Director, *Musica Ricercata* has performed worldwide and participated in many international festivals. The majority of activities undertaken by the Association focuses around major projects selected and co-funded by the European Commission in the framework of specific cultural programmes.
